

A 15% increase to SNAP would give California a \$467 million boost when our people and economy need it the most*

Additional \$467 Million

Every \$1 of federal SNAP spending generates roughly \$1.54 in economic activity

23,794 Businesses

Number of supermarkets, grocery stores, and farmers' markets benefitting from additional business

At least 4 Million People

most harmed by the COVID-19 crisis will benefit from the boost

Enough people to fill Dodger Stadium 72 times

Every \$1 spent on SNAP

FREES up \$1 to help families meet basic needs.
